## Introduction - Executive Summary

### Executive Summary

--Entity Name-- - --Institution BEDS Code--

The New York State Education Department (NYSED) has developed the online *2024-25 Consolidated Application for ESSA-Funded Programs* to support the timely administration of programs funded by the Every Student Succeeds Act (ESSA) to local educational agencies (LEAs) across the state. The application is streamlined to focus on the required assurances from Section 8306 of ESSA, as well as fiscal and programmatic information that staff have determined is necessary to properly administer each program. The additional information requested in the application will allow NYSED reviewers to ensure that all LEAs are fully prepared to effectively address key provisions of ESSA regulations. For example, the application includes a significant focus on consultation with required constituent groups in the design of ESSA-supported programs. Even though LEAs will provide assurances that consultation has occurred, NYSED has determined that evidence of that consultation should be provided as part of the application process. Toward that end, documentation of the constituent groups included in consultation, along with an *LEA Affirmation of Private School Consultation* form, will be required as part of the initial application.

The online format dramatically improves NYSED's capacity to collect and analyze district-provided data in a timely manner, and then utilize that data to provide targeted support to LEAs as part of shared continuous improvement efforts. For example, the format will allow NYSED to quickly review LEA-determined per pupil amounts for Title I, Part A programs to confirm that funds for services are appropriately distributed among eligible public and non-public schools. For LEAs whose calculation methodologies are not clear or are not consistent with ESSA requirements, NYSED program staff will be able to provide immediate technical assistance to ensure the proper distribution of funds.

The online application also supports better coordination among NYSED program offices – furthering the Department's capacity to support continuous improvement through technical assistance. For example, consultation forms and other data related to equitable services to private school students and teachers will be shared with the Ombudsman to help coordinate technical assistance and monitoring efforts between the Office of ESSA Funded Programs and the State Office of Religious and Independent Schools. Similarly, data about an LEA's use of Title II, Part A funds will be easily shared with District and School Review Teams from the Office of Accountability and the Office of Educator Quality and Professional Development to help LEAs maximize the use of evidence-based professional development strategies in identified schools.

#### Transferability

**2024-25 Consolidated Application for ESSA-Funded Programs - 2024**

ESSA Programs - Transferability

**Transferability**

As confirmed by the United States Department of Education (USDE), an LEA opting to use *Transferability* must calculate equitable service shares based on the total amount of funds available under a program *after* a transfer (ESEA section 5103(e)(1)). Just as an LEA may not transfer funds to a particular program solely to provide equitable services, it may not retain funds solely for this purpose. Thus, if an LEA chooses to transfer 100 percent of its Title II, Part A or Title IV, Part A funds to Title I, Part A, it may not provide equitable services under Title II, Part A or Title IV, Part A.

1. In the chart below, please identify funds subject to Transferability FROM either *Title II* or *Title IV* and the program area to which they are being assigned.
