BOARD OF REGENTS AFFAIRS

School Counselor. The new Initial and Professional School Counselor certificates became available on February 2, 2023. Candidates also must have applied and qualified for the Provisional School Counselor certificate prior to that date. The Department has learned of candidates who completed a registered program leading to Provisional School Counselor certification prior to February 2, 2023, but did not submit a certificate application or did not receive an institutional recommendation for certification by this date. To hold these candidates harmless, the Department [proposed an emergency rule](#) to allow candidates who complete a New York State registered program leading to Provisional School Counselor certification to apply and qualify for this certificate prior to February 2, 2024, extending the deadline by one year.

At its April meeting, the Board of Regents approved this proposed emergency rule. As a result, the Provisional School Counselor certificate application through the “approved program” pathway is now available in the TEACH system and will be available until February 1, 2024. Institutions will therefore need to submit recommendations for Provisional School Counselor certification for program completers in TEACH by February 1, 2024. Public comments on the proposal can be submitted to theregcomments@nysed.gov through July 3, 2023.

[this link](#) to the Board of Regents provides an overview of the proposal. Public comments on the proposal can be submitted to theregcomments@nysed.gov through July 3, 2023.

Coordinator of Work-Based Learning Programs Extension. The Board of Regents [adopted a regulatory amendment](#) to create a new, single “Coordinator of Work-Based Learning Programs” extension that will replace the following two current programs leading to a coordinator of work-based learning programs extension: continue to complete 12 semester hours of coursework in developing, implementing, coordinating, and evaluating learning experiences and programs.
