9. Filed a timely BEDS report with NYSED's [Office of Information and Reporting Services \(IRS\)](#) with enrollment data for the 2023-2024 School Year (SY). For the purposes of this program, the SY is defined as July 1<sup>st</sup> -June 30<sup>th</sup>.

## Eligibility: Mandates

A comprehensive list of the MSA-CAP Mandates can be found on the [MSA-CAP website](#). While each mandate has specific eligibility criteria, the eligibility listed below provides a general overview:

### 1. Individual Mandates

- a. To be eligible for each individual mandate, the school must have complied with the corresponding NYSED guidelines, reporting, and submission process and requirements, and affiliated deadlines.
- b. For individual mandates requiring test scores, schools must have their test scores on file with the [Office of Information and Reporting Services \(IRS\)](#) and follow the procedures established by the [Regional Information Centers \(RICs\)](#) and NYSED.

### 2. CAP

- a. To be eligible for CAP reimbursement, the school's attendance policy must encompass the nine points outlined in [Commissioner's Regulations 104.1\(i\)\(link is external\)](#), within the NYSED website. The R&I school must have such a policy on file and may be asked to produce the policy during a site visit or claim review.
- b. A CAP claim may not be filed independently. A CAP claim must occur in conjunction with/after the MSA claim for any given school year.

If a school has a question regarding mandate eligibility, we highly recommend visiting the [MSA-CAP Frequently Asked Questions](#) page to learn more.

## Duplicate Funding Source/Duplication of Benefits

To maintain the integrity of the grant application process, ORISS does not permit duplication of funding sources i.e., receiving funding from multiple sources/fiscal programs for the same eligible costs. This includes federal, state, and local grants. Applications that are duplicative in their entirety or are found to have overlap will not be reviewed.

### ***Attestation Certification***

All claims must be certified. Claims will not be processed without a signed Attestation Certification.

### ***Complete***

Submissions must include all required documentation. The application has built-in compliance features to ensure that appropriate supporting documentation is submitted. Upon application review, e-mail communication may be required. These communications will have a response deadline. If the response deadline is not met, applications will be processed "as is".

### ***Required Explanations***

Both the online submission system and paper form allow space for a precise and clear explanation justifying certain increases.

To assist NYSED in the timely review of MSA-CAP claims placed on hold, schools must provide an explanation for any year-to-year changes in total and average hourly compensation, staffing levels, hours worked, tests administered, enrollment, etc., both in the MSA-CAP system and in the MSA-CAP workbook.

When selecting either Opening or Closing enrollment, if the enrollment varies from the reported BEDS data, a clear and detailed explanation of the variance must be provided. An explanation for any year-to-year increase in enrollment should also be provided in both the MSA-CAP system and in the MSA-CAP workbook.

### ***Single Application***

Due to the capabilities of our payment system, NYSED is limited to one application for reimbursement, per eligible BEDS code, per grant cycle (year).
