

Step by Step Guide to Complete the 2023-24 Compliance Standard LEA Maintenance of Effort (MOE) Calculator for the Individual with Disabilities Education Act (IDEA) Program

Verification of Previous Years Requirements Before Getting Started

School Districts/State Agencies **MUST NOT** submit their 2023-24 LEA MOE Compliance Standard Calculator until all previous year's requirements have been approved by New York State Education Department (NYSED). If you have any questions/concerns if your district has not met all previous year's requirements, please send an e-mail to idea@nysed.gov

The reason for this rule is that the determination if a School District/State Agency meets the 2023-24 Compliance Standard is based on previous years data.

If a district/agency needs a copy of its latest approved Calculator please send an e-mail to idea@nysed.gov for this request.

Important Note - Previous years data must not be changed. If any data from a previous year needs to be changed, please contact NYSED idea@nysed.gov to determine next steps.

Review Items

Compliance for MOE is determined by comparing the numbers to the last year for each method that **Met MOE** or **Met MOE with Exceptions or Adjustments** using the Compliance Standard (Expenditures).

After you have completed all the information for your district/agency please review tabs **TAB 15. 23-24 MOE** and **TAB 4. Multi-Year MOE Summary** to make sure your LEA has met MOE.

NYSED strongly recommends that a district/agency completes all the information for each four methods to meet MOE, but a district/agency only needs to meet MOE for one method to comply with the requirement.

How to Submit Completed Calculator

Once completed, please submit your LEA MOE Calculator to idea@nysed.gov. In the subject line please write **2023-24 MOE Compliance** and your “**School District/State Agency Name**”.
