

State Performance Plan Indicator 8: Parent Involvement

NYSED recommends that a variety of strategies be used to ensure success. ***For all strategies, ensuring that parent responses are confidential should be a priority.***

- x Provide a computer in a confidential setting to allow parents to complete the survey online;
- x Distribute surveys at school meetings, such as open houses, conferences, and CSE and CPSE annual meetings;
- x Enlist the assistance of parent advocates;
- x Provide a reader to assist literacy challenged parents;
- x Provide translators if the survey is not available in the language of the parent; and
- x Distribute the survey by mail.

How is the Indicator 8 survey results data calculated?

The number of surveys with an overall positive parental involvement rating (parents indicated that they “agree”, “strongly agree” or “very strongly agree” with at least 51% of the questions)	÷	All surveys returned with at least 15 of the 25 questions answered	X 100 =	# of respondent parents who reported that schools facilitated parent involvement as a means of improving services and results for children with disabilities
--	---	--	---------	--

How are districts notified of their results?

Districts are notified of their parent survey results in an email with an attached report from PIAR. The following information is included in the report:

x
