State Performance Plan Indicator 15: Resolution Sessions

Performance Indicator

Who are the students included in this indicator?

Students with disabilities, ages 3-21, who are enrolled in a public or private school or program, including IDEA Part B (Public Schools) and IDEA Part C (Early Intervention).

What is the data source?

- Data is collected from the New York State Department of Education (NYS DOE) through the New York State Integrated Data System (NYS IDS). The data is derived from the New York State Department of Education's (NYS DOE) Special Education Data System (SEDS) and the New York State Department of Education's (NYS DOE) Early Childhood Data System (ECDS).

How are results calculated?

[Number of students with disabilities who have a resolution session]	÷	[Total number of students with disabilities]	× 100	= Percent of students with disabilities who have a resolution session
--	---	--	-------	---

What actions is NYS taking to improve percent of resolution settlement agreements for students with disabilities?

- NYSED is implementing the New York State Special Education Data System (SEDS) to improve data collection and reporting.
- NYSED is implementing the New York State Early Childhood Data System (ECDS) to improve data collection and reporting.
- NYSED is implementing the New York State Department of Education's (NYS DOE) Special Education Data System (SEDS) and the New York State Department of Education's (NYS DOE) Early Childhood Data System (ECDS) to improve data collection and reporting.

- NYSED is implementing the New York State Special Education Data System (SEDS) to improve data collection and reporting.
- NYSED is implementing the New York State Early Childhood Data System (ECDS) to improve data collection and reporting.
- NYSED is implementing the New York State Department of Education's (NYS DOE) Special Education Data System (SEDS) and the New York State Department of Education's (NYS DOE) Early Childhood Data System (ECDS) to improve data collection and reporting.
- NYSED is implementing the New York State Department of Education's (NYS DOE) Special Education Data System (SEDS) and the New York State Department of Education's (NYS DOE) Early Childhood Data System (ECDS) to improve data collection and reporting.
- NYSED is implementing the New York State Department of Education's (NYS DOE) Special Education Data System (SEDS) and the New York State Department of Education's (NYS DOE) Early Childhood Data System (ECDS) to improve data collection and reporting.
